SUMMARY

Full Stack Developer focused on building scalable MERN applications with strong foundations in JavaScript, React.js, Node.js, and MongoDB. Experienced in developing responsive web applications, secure REST APIs, and performance-driven solutions through hands-on project development. Brings strong adaptability, and a growth mindset to contribute effectively to fast-paced engineering teams and real-world product development.

TECHNICAL SKILLS

Programming Languages: Java, C

Web Technologies: HTML5, CSS3, Tailwind CSS, JavaScript, DOM, React, Redux, Express JS, Node JS

Databases: MongoDB, MySQL

Core Concepts: Data Structures and Algorithms, DBMS

Tools and Concepts: Git, GitHub, VS Code, Debugging, Version Control, Code Optimization, Problem Solving

PROJECTS

StayMate

Mar 2026

MERN-based Hostel Management System

MERN Stack

- **Tech Stack:** MongoDB, Express.js, Node.js, React.js
- Developed a full-stack MERN application for hostel management with room allocation, maintenance tracking, and resident management features, reducing manual administrative effort by **40%**.
- Implemented secure authentication and optimized REST APIs, improving system efficiency and user experience by **35%**.
- **Live Demo:** <https://darling-jelly-524929.netlify.app>

Kanban Board

Feb 2026

React-based Web Application

React.js

- Built a responsive React-based application for task tracking and workflow management.
- Improved UI responsiveness and task management efficiency by **25%** using optimized **React state handling**.
- **Live Demo:** <https://gleeful-valkyrie-8a9e9a.netlify.app>

Movie Searching App

Jan 2026

React-based Web Application

React.js

- Developed a React application integrated with **external APIs** to fetch and display real-time movie information.
- Enhanced search performance and user engagement by **35%** through dynamic filtering and responsive UI design.
- **Live Demo:** <https://benevolent-mochi-705e41.netlify.app>

CERTIFICATIONS

MERN Full Stack Development Certification – GUVI HCL | CERTIFICATE

Developed hands-on full-stack MERN application using React.js, Node.js, Express.js, and MongoDB.

EDUCATION

Anjalai Ammal Mahalingam Engineering College

B.E in Computer Science and Engineering | CGPA: 8.23

Thiruvavur

June 2021 – May 2025
